## Principal's Word

**Week 3!** How quick is the term flying by; before you know it, it will be Term 4. Yet so many things to accomplish before the end of the year. The ELC building/ refurbishing has started and is now steaming ahead. EVCO building has won the tender to do all the ELC and Admin office refurb and building – congratulations! I have the full confidence in Garth and his team to complete the projects in the timelines negotiated.

### Something from the heart:

*When you find yourself in those moments when you feel as though your sense of worth is being questioned remember these words. Yes, my soul, find rest in God;*

*My hope comes from him. Truly he is my rock and my salvation; He is my fortress, I will not be shaken. My salvation and my honor depend on God; He is my mighty rock, my refuge.*

Psalm 62:5-7

### Scratch coding with Makey Makey

The Year 3-4 students have been experimenting with some Scratch/Makey Makey projects, and learning how the Makey Makey works. Over the coming weeks we will learn how to use the Scratch coding program. Students will then create their own Makey Makey projects.

## Year 7/8 Visual Arts Excursion

Last week the 7/8 class went around our town taking photos of buildings and the coastline to use in their mixed media art. The class enjoyed taking creative shots of a range of buildings including churches, homes, the silos, the ward and Ceduna jetty. The students will start working on their designs and create canvasses based on Blythe Scott a mixed media artist which we have been looking at in lesson time. These works will be displayed in the memorial hall at the end of the year.

## Visual Arts Conference

Adelaide Professional Development:

I was lucky enough to go to Adelaide over the weekend and attend a 2 day Visual Arts conference held by VAESA (Visual Arts Education South Australia)

It is really important for us as educators to attend workshops outside of our community area and connect with like-minded people teaching similar subjects.

The event was held at the Art Gallery on Friday the 3<sup>rd</sup> of August where we listened to a variety of speakers who use Visual art to make a living. The afternoon session I chose was a tour around the city looking a street art.

Saturday's workshop was held at Uni SA on the city site. There were a range of options available for teachers to participate in and I selected sculpture. I really enjoyed my afternoon session based on architectural sculpture and plan to use a similar idea in some of my visual arts lessons.
