CROSSWAYS LUTHERAN SCHOOL Magazine 2019

Message from the Principal

Craig Kupke

The school's website has this on its home page: ***The Future Belongs to Those who see Possibilities Today.*** It is clear from 12 months here that this is reflected in so much of what the school is and does. One of those possibilities which many have seen over the years is the development of an Early Learning Centre.

This year saw the commencement of our Early Learning Centre. We have been blessed to have Miss Bek (Rebekah Ridley) as the inaugural teacher in charge of the centre, who along with Sonya Degner, implemented a stimulating program to the young students. Its initial success is a testament to the hard work of previous Principal, Francois Pienaar, and the school council.

We have also seen the completion of the Junior School nature playground. It is exciting to consider the future possibilities of how we can utilise and further develop this space. Staff have been exploring the space by trying out new ideas for engaging the students in learning.

The other highlights have been the successful running of the WCIAC Sports Carnival by Crossways, several school camps, numerous performances and presentations, and bountiful opportunities to connect with the community through special events. In these pages you will see pictures and reflections that

celebrate a year of learning. Not just the students but also the staff who are continually reflecting and striving to gain insight into the students.

When I arrived in Ceduna at the start of the year it was with a sense of excitement at the possibilities. I had heard good things and I haven't been disappointed. Nothing happens in isolation, and we are always wise to remember the blessings that God grants through our prayerful efforts. Working together towards a brighter future.

I would particularly like to convey my gratitude to Crossways School Council for their dedication and input over the year. It takes commitment to serve in such a role and it is vital for the smooth running of the school. In particular, I acknowledge the work that Dean Heyne and Andrew Parkyn have contributed over this year through charring meetings. Dean has retired from Council earlier in the year, and we wish him every blessing in the future.

It has been a pleasure and a joy to be part of the Crossways Community. As I depart after a year of great satisfaction, I pray that you, the people of Crossways, continue to see the future possibilities of the school by keeping Christ in all things.

From the School Council

Andrew Parkyn / Assistant Chairperson

2019 has been another year where God has continued to add blessings for all who see our school as a place of learning, personal growth and fellowship based on an understanding that Jesus is the centre for all words and actions that ensure a safe and happy environment for all to enjoy. I thank Dean Heyne for his assistance this year as the retiring Chairperson in term 1, who has maintained ongoing support for me, as Assistant Chairperson, and the Council in general. I also thank the Council members for their time and readiness to respond positively to what has been asked of them in areas of planning, finance and promoting the school to the wider community. Our new members are already bringing a newness and contribution to the school's progress. I too need to acknowledge the support of John Proeve of the LESNW over the year.

This year the Early Learning Centre was opened and I commend Rebekah Ridley for its immediate success, as seen within the school and the wider community. It provides a base for our school to grow and an opportunity for new young students to begin their unique Crossways journey.

We purchased a new bus for use on excursions and community activities, and to provide safe travel to and from home. The successful watering of our school and the new Nature Play areas provide a visual enhancement of the school for all to enjoy.

Parent Representative 2019 :

Andrew Parkyn
Tracey Cox – Miller
Heathe Champion
Renee Colbung
Katherine Guidera
Louisa Hissey
Stephanie Genrich

Beginning next year, the Library will commence being upgraded to provide a modern facility for all to enjoy for years to come.

I would also like to acknowledge all our local businesses for their contributions to our school community. Without their input we wouldn't be able to provide the experiences to the students we are able to.

One only has to visit classrooms, school activities and special occasions to realise all staff are professional in their approach in their teaching. They are dedicated to better the children's learning and understanding their differences to provide a respectful and cooperative atmosphere, which enhances the education of the students. Office staff, grounds people, canteen staff, along with the Principal and Finance Officer, no stone is left unturned to ensure that the Christian ethos is apparent to all.

It's the children of the school that are displaying positive attitudes to their learning and the teachers. They are growing in the respect they have for others as well as themselves.

Taking a stroll around the classrooms and it is obvious there is a growing pride in what they can produce, share and give to others.

We say farewell to Principal Craig Kupke for giving our school a year of his expertise as an educator. Under his leadership the school has had a very successful year and he leaves behind the newness he has displayed for the school. His gentleness, care for each individual, and desire to serve Jesus has been apparent in aspects of school life. His quick response to our need of a Principal has been a blessing to all. We wish him every blessing for 2020 in whatever educational experience may come his way.

Next year we welcome Tony Peters as Principal and know his love for Ceduna and Crossways will bring further newness to this school that is open for all to enjoy and be proud of.

Student Representative Council (SRC 2019)

Terena Evans / School Coordinator

FRONT ROW : Kaianne Colbung-Ware, Gareth Bilney, Kallee Colbung-Ware, Nykita Miller

BACK ROW : Raymond Coleman, Azarni Coleman, Darryll Coleman, Jairone Roderick, Kevin Penny, Mia Nicholls

This year's SRC team was made up from two students per class. The role of the SRC is to be a voice for the students in our middle school. Fortnightly meetings were ran where the team shared the roles including taking minutes and leading the meetings.

To acknowledge our appreciation of the extra responsibilities these students take on they were given a welcome lunch where they went to the Ceduna Foreshore Hotel to have a celebratory meal. We also had a pizza lunch mid-year to thank the students for their input thus far.

Students were acknowledged during the End of Year Service where they were awarded a certificate for their efforts. Well done to all SRC reps for 2019!

It has been such a joyful year in the ELC. I was so excited at the beginning of the year for what might lie ahead in the coming year but also did not really know how the ELC would look and feel at the end of 2019!

We started the year with a small group, which allowed us to get to know the children really well and build some strong and positive relationships. The children quickly became confident in their play as they explored and investigated their new learning environment. Some of our favourite experiences and learning investigations this year included worms, sunflowers, stick insects and our playdoh shop. The children and families have really created a sense of belonging in ELC and helped shape it.

Coming into 2020, we are beginning our 3 year old program, which has had a great response from community - we are excited to begin the year with a large group of enthusiastic learners. We have a number of children from 2019's group that will be moving on to begin their schooling journey.

We wish them all the best and cannot wait to catch up every now and again to hear about school! Thankyou to all the children and families for a year of fun, love, laughter and exploring together!

Reception

Georgia Lambeff | Reception Homegroup Teacher

Wow! What a year 2019 has been. I am so proud of how far the Receptions have come over the year - and how much they have learnt and developed as 'Big School Children'!

Some of the highlights have included:

- ⦿ Visits to the Old Folks home
- ⦿ The police came to visit our school and class
- ⦿ Astronomy dome visit to school
- ⦿ Sports Day
- ⦿ Special Friends' Day
- ⦿ Excursion to the farm
- ⦿ Learnt all our Jolly Phonics sounds
- ⦿ Dance workshop
- ⦿ Random Acts of Kindness - visits to the community
- ⦿ Had our 100th day of school (some of us dressed up as oldies!)
- ⦿ Book Week celebration
- ⦿ Museum visit
- ⦿ Science Week learning
- ⦿ Nature play and outdoor classroom day
- ⦿ Swimming lessons
- ⦿ Christmas rotations

I wish these beautiful students all the best for their future schooling journey! God's blessings to you all.

YEAR 1

Donna Bahr | Year 1 Homegroup Teacher

What a fun and fast year 2019 was!

It truly was a blessing to teach the wonderful Year 1 class this year. We had some students leave us; but welcomed new ones as part of our Crossways family. Reflecting on the year, the students had many highlights.

Some of these included involvement in:

- International Mud Day
- Clean up Australia Day with Miss Cannard's Year 2 class
- NAIDOC Week
- Colour Fun Run
- School Sleepover with Miss Giles' Year 2 class
- Book Week
- Nature Play SA
- Visits to the Senior Citizen's Village
- Swimming lessons

Along with these highlights, students showed excellent progress throughout the year, both socially and academically. It was especially exciting to see students' passion for reading grow, where they reached new reading levels and enjoyed different hands-on sight word games, such as tic/tac/toe, connect four and bingo.

Maths lessons were very hands-on this year, where students learnt to tell the time to the half hour, explored chance and data through graphing a box of fruit loops and learning about measurement, where students then made their own playdough. Using play-based and real-life approaches to learning has seen the class thrive this year, which has made Year 1 so much fun!

A huge milestone for the Year 1's was their very first school sleepover with the Year 2's. For many, this was their first night away from home, and I felt privileged to share this experience with them. They enjoyed the many activities held throughout the evening, followed by a BBQ dinner, then movie before bed. The next morning, they were treated to a pancake breakfast, before being picked up by their parents. Although some students were anxious before the sleepover, they all made it through the night, with many wanting to stay another night at school! They will be more than ready for their next sleepover in Year 2!

I wish the Year 1's all the best for Year 2 in 2020!

God Bless,
Miss Bahr.

My Highlight of Year 1

YEAR 2

Sheridyn Giles | Year 2 Homegroup Teacher

FRONT ROW : Anastasia Muir, Sarah Steeles, Kitahrna Miller, Jakylah Colbung-Bilney, Peyton Peel, Anne-Marie Richards, Pearl Modi, Emily Muir

BACK ROW : Andre Lennon-Tschuna, Zack Prideaux, Addison Coleman, Henry Hissey, David Lennon-Hart, Jesse Carbine, Jai Freeman

TEACHER : Ms Sheridyn Giles (right)

Wow! What an exciting year it has been. I am so thankful that I was able to teach the Year 2 class for term 1, 2 and 3 and watch as the students learnt and grew together.

A lot happened over the year including the classroom being renovated, creating a new and improved learning space and the change up of our class LSO's- we were so lucky to work with Mrs. Steeles and Mrs. Moyse in term 1 and then Miss Emily in terms 2 and 3.

Highlights over the terms were sports day, swimming, our year 1 and 2 sleepover, mud day and visiting the Senior Citizens Village.

In term 2 Ms. Rhiannon Cannard joined us to complete her final teaching placement, which lead to her taking over in term 3 when I left to welcome Baby William into the world.

Keep up the great work year 2, I look forward to seeing you all next year!

Ms. Giles

I was lucky enough to begin my teaching journey with this incredible bunch of year 2s!

We have had so much fun together learning new things and making life-long memories. We learnt about ways we can care for God's Earth through kindness and sustainability. We even joined up with the year 1 class for a beach clean-up. We learnt about recycling and reducing our impact on the environment. We tried our hand at making our very own reusable shopping bags and had many laughs in the process.

Highlights include the Colour Fun Run, swimming lessons, making Christmas treats and cards, and visiting the Senior Citizens Village.

We have had the best time and I can't wait to see what 2020 has in stall.

Miss Cannard

YEAR 3

Paul Munday | Year 3 Homegroup Teacher

FRONT ROW : Rodney Binell, Sahara Smith, Amalie Champion, Demario Miller, Jyileena Wilson, Wayden Sumner, Halle Miller, Ashania Dixon-Young, Lucas Busch

BACK ROW : Aiden O Driscoll, Aneylah Wilson, Jordan Coleman, Lareeka Miller, Kael Coleman, Raymond Paparoa-Tiatao, Natarnya Willis, Joshua Coleman

TEACHER : Mr Paul Munday (right)

LSO : Mrs Annette Moyse, Mrs Cathryn Steeles

It was an amazing year in Year 3. Not only was there lots of great learning taking place but the students developed many friendships and learned to work as a team as the year went on. It was also a year of change and it would be remiss not to mention all of the wonderful people who came and went in our classroom.

In term 1 we had Jak as our LSO as well as four Year 4 students, however, when term 2 started the Year 4s combined with the Year 5s and the LSO changed to Annette and Cathy. In term 2 we said farewell to Aiden O'Driscoll whose family moved back to Adelaide. In term 3 we lost Cathy as an LSO and welcomed Tim as her replacement.

All of the LSOs were fantastic this year and I thank them for all of their hard work. With all of these changes, the children have shown incredible resilience and I have enjoyed watching them grow.

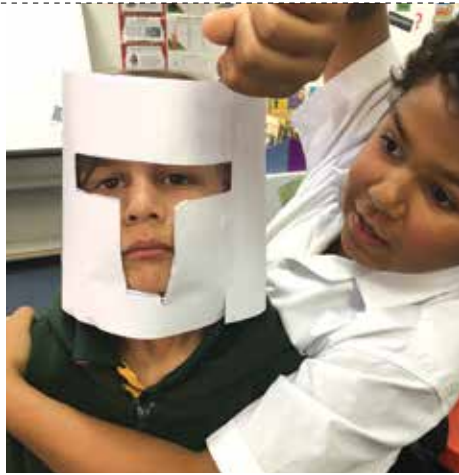

Highlights of our learning in the Year Three class in 2019:

- ⦿ Using Just Dance for fitness and playing chasey on the playground together.
- ⦿ Endless Praise visit.
- ⦿ Completing the Premier's Reading Challenge.
- ⦿ Grandparents and Special Friends Day.
- ⦿ Sports Day and hosting WCIAC.
- ⦿ Crafternoon on a Friday afternoon.
- ⦿ Colour Fun Run.
- ⦿ Visiting the Old Folks Home each term.
- ⦿ Hosting Chapel twice.
- ⦿ 100 Days of Learning Celebration.
- ⦿ Enjoying Christmas Rotations.
- ⦿ Going on our camp to Scotdesco.
- ⦿ Nature Play.
- ⦿ Swimming lessons in terms 1 and 4.
- ⦿ Visit by the Police in term 1.
- ⦿ Completing Kahoot quizzes.
- ⦿ Going on a coastal walk.
- ⦿ Doing acts of Christian giving in term 4.
- ⦿ Celebrating birthdays as a class on a Friday.
- ⦿ Doing drama as a way to build confidence.
- ⦿ Genius Hour and creating their own projects.

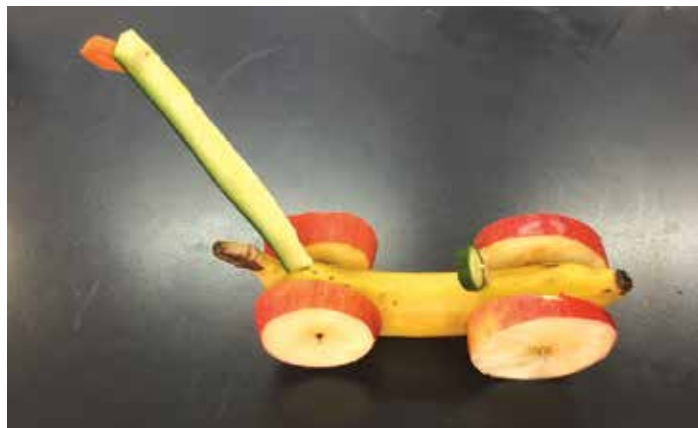

Math

Genius Hour

Nature Play

Drama Lesson

We have commenced drama lessons which the students are really enjoying. This aims to boost self-confidence and expression.

Year 3 Camp @ Scotdesco

YEAR 4/5

Aiden Champion | Year 4/5 Homegroup Teacher

FRONT ROW : Charlie Steeles, Mia Roberts, Gareth Bilney, Amariah Wilson, Kenniesha Ware, Dontate Graham, Shia Taylor-Champion, Riley Shephard

BACK ROW : Kaliah Lennon-Gray, Aroha Paparao-Tiatao, Lekiesha Ware, Marridia Bilney, Tizziana Peel, Allirah Narrier, Lukelle Williams, Royden Miller

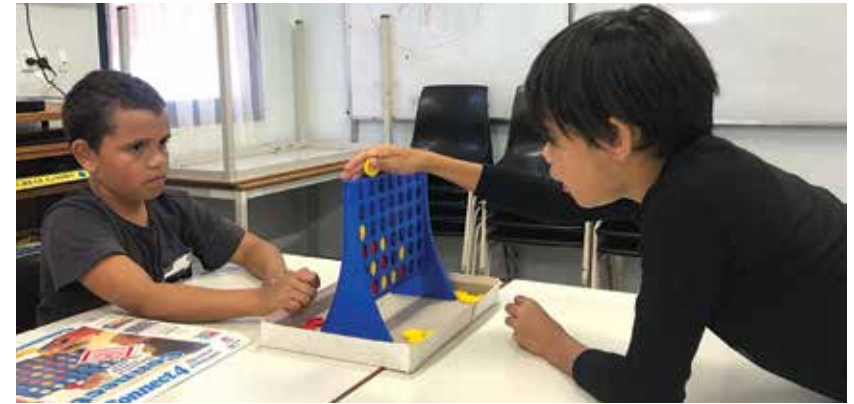

TEACHER : Mr Aiden Champion (right), LSO : Ms Kirsty Lennell (left)

This year has been full of fun for our Year 4/5 class. First of all, it has been a pleasure to be the 4/5 teacher and being welcomed into the Crossways family. I was very blessed with the job of teaching this awesome bunch of Year 4/5 students. It's been a year of fun, laughter and learning.

We began the year with our Camp to Erappa in Term 1. This provided us with a fantastic opportunity to get to know everyone and bond as a class. On camp we conquered fears and stepped out of comfort zones as we completed High Rope challenges, the Zip-line, Leap of Faith challenges, and rock climbing. It was a great time for friendship building, Teamwork building, encouraging others and comradeship. Everyone thoroughly enjoyed their time on Camp and we will cherish the memories we made.

The rest of the year was filled with fantastic learning experiences in which the Year 4/5 students were given opportunities to grow and develop both socially and academically. Our learning experiences included various hands-on activities and practical experiments which helped the students learn various content and concepts in all learning areas.

We explored various topics throughout our Year but the fun ones that the students loved to explore were during Science where we conducted various experiments

and activities around the following subjects: Space, Desert Survivors, States of Matter and Fantastic light. In History we explored various topics, but the students favourite was exploring 'Australian Gold Rushes', at the end of the unit we had a Class Gold Rush where the students had a chance to pan for Gold. Fun was had by both Teachers and LSO's.

It was great to see the students prosper this year and make some really big improvements, but most of all have fun with their education.

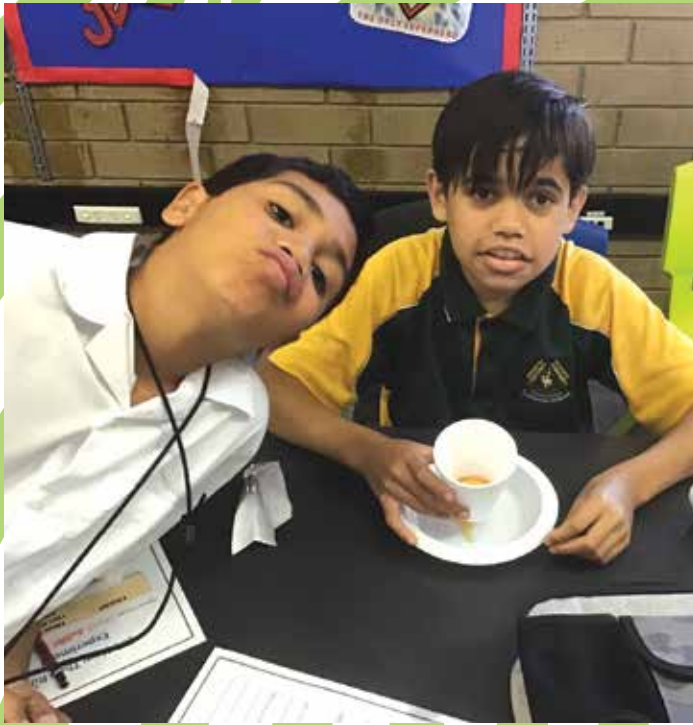

This was the last year the Year 4/5 students were in the Junior School, and it was an exciting time with many highs.

They are looking forward to moving into Middle School in 2020.

God Bless,
Mr Champion

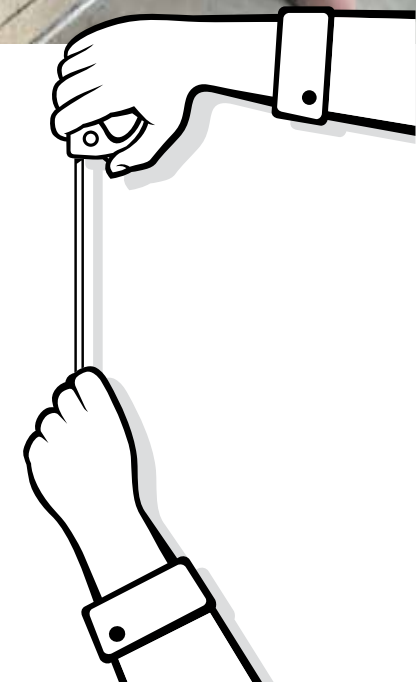

Some highlights for the Year 4/5 Class

- Year 5 Camp to Errappa in Iron Knob
- Visits to Old Folks Home
- STEM Challenges with Year 3's
- Swimming at the Area School in Term 1
- Swimming at Jak's Pool in Term 4
- Clean up of our Local Skate Park
- Class Gold Rush
- Science Week
- Various Cooking adventures in the Home Ec Room
- Ambulance Visit
- Cricket Clinic
- Into Golf visit
- Nature Play SA
- Outdoor Classroom
- Class Auctions with Tim

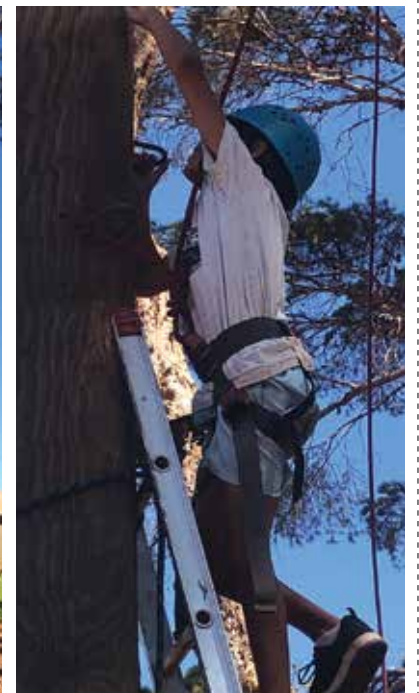

YEAR 5 CAMP TO ERRAPPA IN IRONKNOB

YEAR 6/7

Amy Norsworthy | Year 6/7 Homegroup Teacher

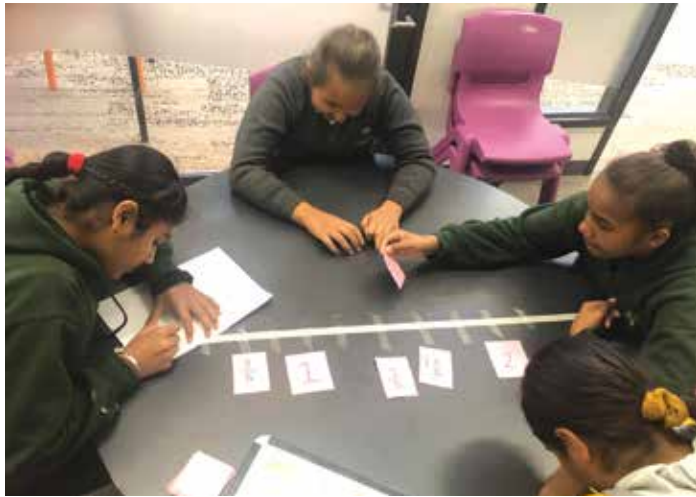

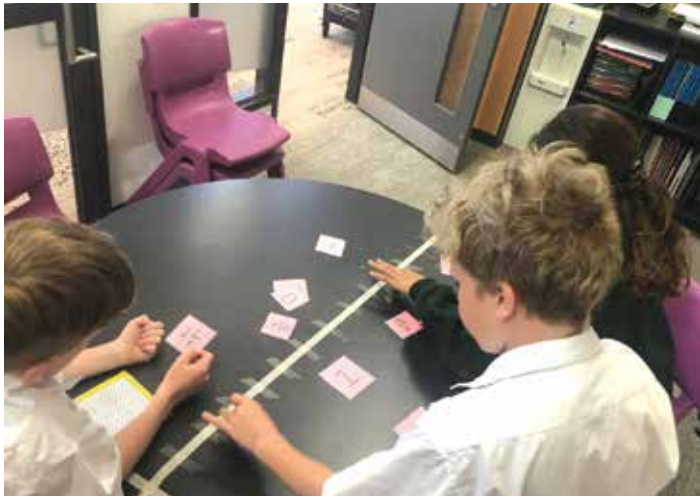

FRONT ROW : De-Angelo Miller-Saylor, Lahmia Ware, Emilea Willis, Lahqwanda Ware, Noah Champion
BACK ROW : Kiarah Morrison, Ishnoor Ishnoor, Raymond Coleman, Jezmiyah Scott
TEACHER : Miss Amy Norsworthy (right), LSO : Mrs Cirena Coleman (left)

How blessed I have been to be able to spend 2019 with the Year 6/7 Class!

Each student has shown immense growth in their learning and attitudes towards their education. As a class, we have been able to learn how to work with each other positively and help each other with our learning!

The class enjoyed having different teachers teach them various subjects according to their expertise. A big thank you to Mr Woodward, Mrs Evans and Miss Liti for making the year so enjoyable for the class and supporting them to learn and grow.

Some of our favourite lessons were when we could be creative and learn through hands-on activities! Mathematics and Science were always a highlight, it was fantastic to see student understanding, and skills grow in areas such as fractions, angles, measurement and number in Mathematics and forces, seasons and mixtures and solutions in Science. We always had so much fun and were able to work together to question, communicate, predict and analyse.

Port Lincoln
Camp

In Term 2 the Year 6/7/8 Camp to Port Lincoln was a great opportunity to come together as two classes in a relaxed environment. Some of our highlights were visiting Navigator College, Leisure Centre, Glen Forest (Segways, mini golf and feeding the animals), shopping and the inter-class cook off!

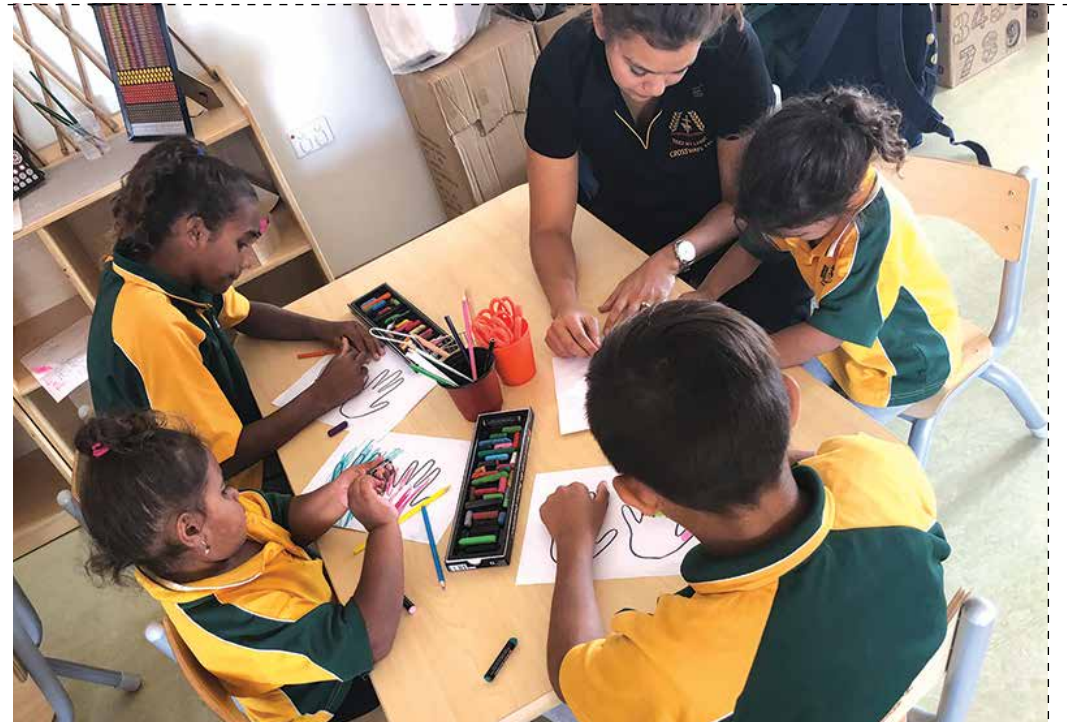

Every week we had a lesson with our 'Buddies' in the Early Learning Centre. The Year 6/7s developed skills in caring, nurturing, leadership and compassion through this and had so much fun with all the activities and developing relationships with the ELC children!

Buddy Class with the ELC

Some of our other highlights of the year were:

- ▶ Sports Day
- ▶ WCIAC
- ▶ Day trip to Scotdesco (Wombat Day)
- ▶ Colour Fun Run
- ▶ Outdoor Classroom Day
- ▶ Book Week
- ▶ Golf and Cricket Clinics

A huge thank you should go to our LSO, Cirena, who has been a massive support for the class and myself. She has been a great asset to the classroom with her group work, one-to-one support and tutoring programs and has helped each student progress in their learning!

I am extremely proud of the year the Year 6/7s have had! I will miss them next year and I wish them all the best in 2020!

YEAR 7/8

Haesil Kim | Year 7/8 Homegroup Teacher

FRONT ROW : Lukeisha Milera, Merlene Miller, Larquitta Graham, Kara Wild, Shontayah McIlwraith,
Nyquella Graham, Malaki Miller

BACK ROW : Tjeryan Ware, Kashayla Duckford, Mia Nicholls, Darryll Coleman, Walter Parkyn, Jontae Roderick

TEACHER : Mrs Haesil Kim (right), LSO : Mr Andrew McIlwraith (left)

Year 2019 has been a real blessing with the Year 7/8 Class.

In Term 1, we had an adventurous Aquatics day out. Students had the opportunity to explore various aquatic sports including windsurfing, kayaking, paddle boarding and snorkelling. I was impressed by the students' motivation to master some of the challenging aquatic skills. The weather was beautiful, water temperature was just right and we all had fun being out in nature!

The highlight of the year definitely goes to the Port Lincoln camp which was in Term 2. It was quite special as the Year 6/7s and the Year 7/8s went on a joint class camp for the first time. Students enjoyed the new bus and were excited to spend time together outside the classroom. When we arrived in Port Lincoln, we headed straight to our accommodation at the Lions Hostel. After unpacking, the Year 7/8 Class went grocery shopping to get ingredients to cook dinner for the day. Many students demonstrated good cooking skills and the butter chicken with rice turned out to be successful!

Aquatic sports

On Wednesday, we were at the Glen Forest Park where we fed the animals, played mini golf, went through the giant maze and had so much fun on the Segway ride. In the afternoon, the Year 7/8 Class went to the Leisure Centre and enjoyed the water slide and swimming in the pool. When we came back from swimming, we were glad to see delicious food prepared by the Year 6/7 Class. On the next day, we went to Navigator College for a school tour around their facilities. Navigator College gave us a warm welcome and we were given opportunities

to participate in either PE or an Art lesson with some of their students. This was a good opportunity for our students to observe, experience and learn about the other school's environment and facilities. When we got back from Navigator College, we ended the day with a quick shopping time and had dinner at Ming Inn Restaurant where Jenna Savage, our former school Chaplain, came for a quick visit. Overall, it was great to see students learning to cooperate and work as a team.

Port

Lincoln

Camp

Students have been working towards gaining more confidence, knowledge and experience working safely in the Science Lab. In Term 3, the Year 7/8 and the Year 9/10 students were excited to invite the Junior School Classes to come to the Middle School Science Lab to celebrate 2019 National Science Week. This event with the Junior School students turned out to be a huge success with many positive feedbacks on showing good leadership in working with younger students.

Throughout the year, students have continued to amaze me with their growth and development in their academic areas as well as their general attitude in class and teamwork. Lastly, I would like to say a huge thank you to our Class LSO, Andrew McIlwraith, for his continuous support and encouragement in the Year 7/8 Classroom.

Year 2019 has been a true blessing and I wish the Year 7/8s all the best in 2020!

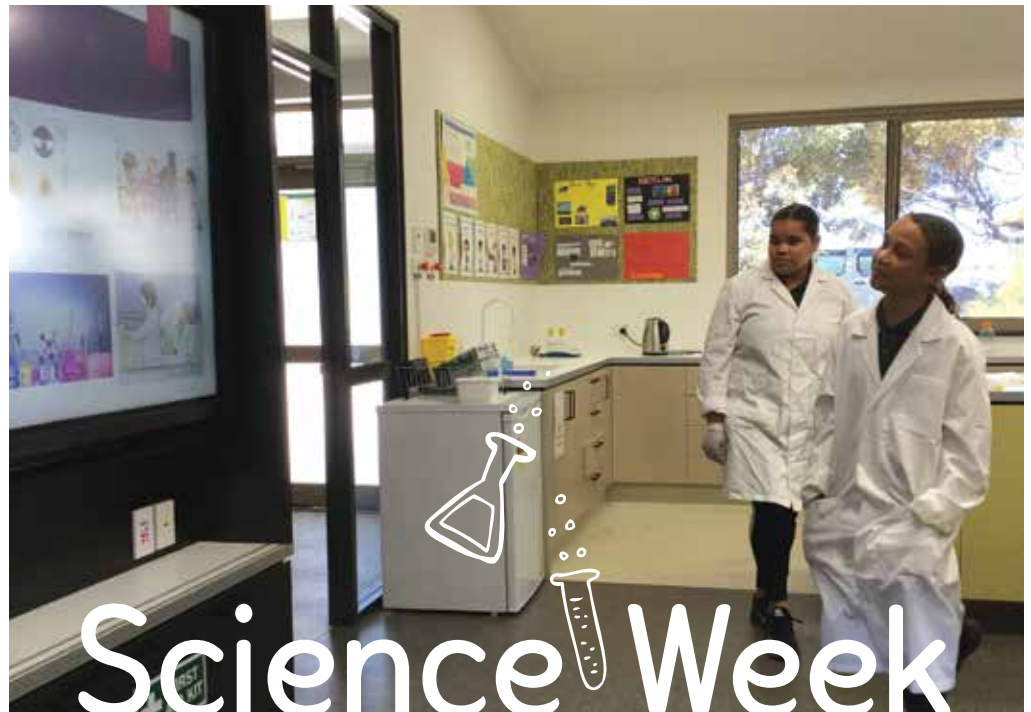

God Bless,
Haesil Kim

Scotdesco
excursion

Science Week

YEAR 9/10

Carl Woodward / Year 9/10 Homegroup Teacher

Upon my arrival to Crossways I was a little nervous as to what was in store for me as an “out of town” starting work in a local community school. However, the introduction to my year 9/10 Home-group class was very welcoming and relaxed.

I’ve taught many year 9 classes over the years and I have to admit that this group of students are the most mature and laid back group of teenagers I have ever come across. I quickly realized that rushing the issue was not going to work... rushing anything was not going to work. So thanks to my students, I also developed an “all in good time” approach to teaching and learning. This helped me to focus on what is important in the classroom and that not everything is about curriculum.

FRONT ROW : Lakita Miller, Azarni Coleman, Montana Scott, Angel Betts–Cooke, Lameeka Betts, Kyia Miller
BACK ROW : Kyle Freeman, Jairone Roderick, Kevin Penny, Toby Jackson, Kymari Wanganeen
TEACHER : Mr Carl Woodward (right), LSO : Ms Kerry Taylor (left)

I had many questions to ask them about the local area in regards to local language, surfing, fishing, footy and so on... Not once did they ever try to make me feel unwelcomed and I will always appreciate them for their efforts in helping me to fit in.

We shared many great moments together throughout the year especially our Adelaide camp where I was guided from place to place by “back seat driver” Lakita Miller. I had never been to Adelaide before so it was great to have some local knowledge on board. I may have been incidentally guided to a few too many Maccas stores while there but that’s what happens when your students are in charge of directions.

I just want to really thank my 9/10 class for being such a wonderful bunch of young people who welcomed me into their community and made my first year at Crossways a very enjoyable experience.

Carl Woodward

Junior School PE

This year students have enthusiastically embraced many different forms of Physical Education from games and ball skills to dance and jumping rope. We have built resilience, competed in sports days, tried gymnastics, improved our teamwork skills and even performed a dance at the end of year Celebration of Learning!

One of my highlights this year was our jump rope unit. Many students began the unit with very little jump rope skills - some never having been able to jump a rope before. There were a few tears of frustration but to the students' credit, they persevered week after week. We played games, sang songs and encouraged each other to keep going. By the end of the term, every student was able to skip successfully for their level and the 4/5 class even managed to put together a skipping routine to music.

Another highlight was seeing the students try their hand at gymnastics. We have so many naturally athletic students and it was great to see them use their strength, flexibility, balance and coordination in this area. All students were able to use the mini tramp to try different jumps, and we soon found that sticking the landings was the trickiest part! We also did tumbling, rolling and group and individual balances.

The students love getting up to the courts to play many games that help to improve their ball skills and game strategy skills. Some of our favourites were capture the flag, golden child, rob the nest, cat and mouse and prison ball.

A big thank you goes out to all the LSO's who have come out and supported me to run the Physical Education programme this year. I couldn't have done it without you!

Junior School MUSIC

The Junior School Music program this year was offered to students in Reception to Year 5. Junior School Music follows the principles of the Orff Schulwerk methodology, using movement, speech, singing and playing to learn.

The Reception program focusses on learning the basic concepts of music, particularly beat and rhythm, and moving and dancing to music. Movement sessions focus on developing coordination and vestibular control. We also engage in guided listening activities, and reading and learning musical stories and rhymes.

The Year 1-5 program focusses on learning the concepts of beat, rhythm, dynamics, tempo, pitch and timbre. Students are also given opportunities to create their own music through improvisation, and begin learning to read music. They develop skills playing instruments alone and in a group through a variety of activities and games.

In Term 1 this year Mrs Sara Veerhuis taught the JS Music program, while I was on long service leave. The students engaged in lots of singing and held a performance at the end of term.

In Term 4 the Junior School Music classes were involved in an “Informance”. The object of an Informance is to give parents and others an insight into what we do in our lessons, and to perform for them. The students all performed well, and there was plenty of positive feedback from the audience.

I look forward to more amazing Music from our students next year.

Tracey Hoffrichter

Junior School CHOIR

In term four this year we formed a Junior School choir with the Junior School students who expressed interest. This outgoing bunch of students have amazing voices and were not afraid to sing with gusto! We worked on learning four songs - Aussie Jingle Bells, Rudolph the Red Nosed Reindeer, Little Drummer Boy and Dance Monkey.

In week 7, the Junior School Choir performed at the Senior Citizens Village. This musical excursion was a fantastic start to what, I believe, will be many more community performances, one of which was at the end of week 8 when they also sang at the Ceduna Community Carols and totally aced it!

The Junior School Choir has progressed so quickly in our short time together and I'm looking forward to working with them again in 2020.

Sara Veerhuis
/ Middle School Music Tutor

Middle School MUSIC

2019 - What a fantastic year for Middle School Music!

This year I was once again teaching guitar, keyboard, drums and singing to Middle School students who elected to be a part of our program. Some students were furthering their skills from the previous year's music lessons and some were brand new to their instruments.

By the end of term one we had formed our middle school band which consisted of Kyia and Shontayah on the keys, Azarni and Darryll both on acoustic guitar and Raymond on the drums.

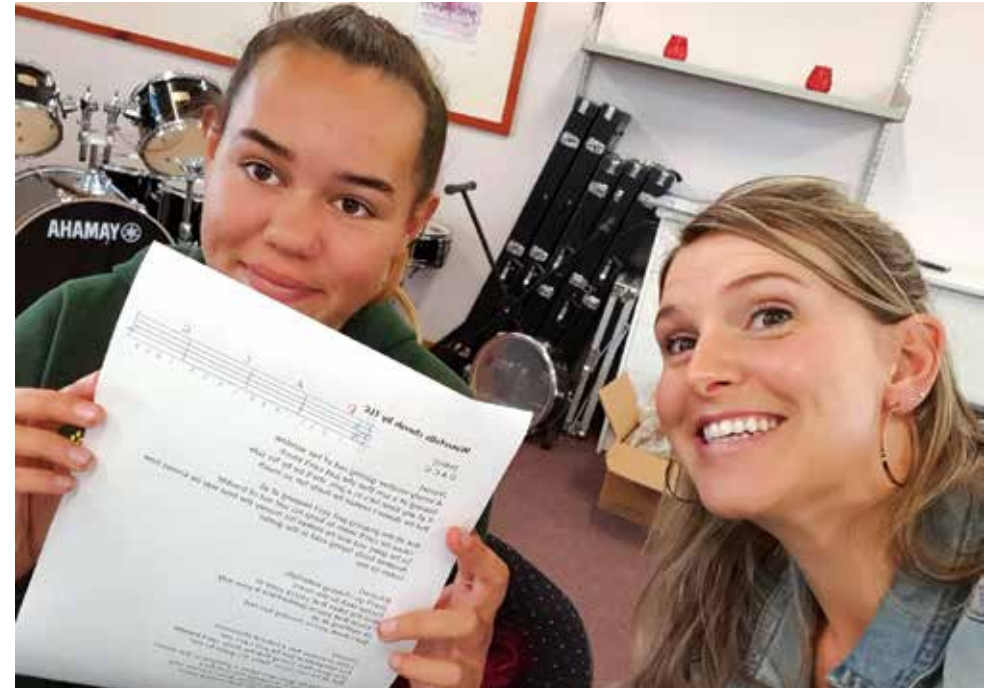

This band accompanied the Junior School's Noah's Ark performance in term one, then consistently played for chapel throughout the rest of the year. Montana and Angel also joined the band for various songs towards the end of the year.

Our singing group members changed slightly throughout the year but we had a good consistent effort put in from Joshua, Kiarah, Jesse, Mia, Lameeka, Kiarah and Charlotte. These singers have done an amazing job with leading our chapel worship songs, performing at the Ceduna Community Carols and also for our major end of year Celebration of Learning.

One major highlight for the year 9/10 music students this year was our first ever music camp to Adelaide to see the live stage performance of Aladdin. We were so very blessed to have this trip sponsored by Adelaide University and we all thoroughly enjoyed our tour of the Adelaide University's Centre of Aboriginal Studies in Music whilst we were there. The timing was perfect as the day after the concert the new remake of the movie Aladdin opened and were able to go and see that at the cinemas too.

Another highlight was taking the Middle School singers along with Azarni (to accompany them on guitar) to Possums Corner and the Minya Bunhii Childcare Centre to sing for the staff and children. Both centers were so appreciative of our visit and great fun was had by all.

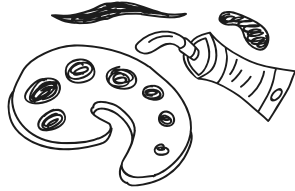

We were also blessed by the touring Christian group “Endless Praise” who performed and did some music and drama workshops with the whole school earlier in the year.

Next year I look forward to seeing our talented students performing more often at various places in the community and having fun at the same time!

Sara Veerhuis
/ Middle School Music Tutor

Middle School VISUAL ART

I am lucky enough to be the Middle School Visual Arts teacher. I love this role and helping to create artists out of the student's talents. Most of the children enjoy coming to Art class. It's usually a pretty relaxed atmosphere where expectations are set, skills are taught then the students are allowed to create their own master pieces based on the topic or theme.

Students used a range of mediums over the year including painting, drawing, photography, mosaics and pastel work just to name a few. A major focus this year was creating public art for our school community and if you take a walk around the school grounds, you can see the student's art all over the place, brightening up the environment.

Excursions are a great way to see the beautiful surroundings that we have so close to us. A major focus this term was looking at the coastline and creating gorgeous seascapes from what the students saw and captured on their iPads.

Our art program intends to give students a taste of a variety of mediums, which then allows them to find their forte and further expand on their knowledge, understanding and skill set as they get into the higher year levels

Crossways End of Year Art Exhibition

The end of year Art Exhibition was held for the 3rd time this year, again in the foyer of the Memorial Hall. Many lovely pieces of art were on display and for sale. There were many stunning pieces created by students and I felt so proud to see how far the students had come over the year.

Terena Evans
/ MS Visual Arts Teacher
/ School Coordinator

Middle School Digital Technology

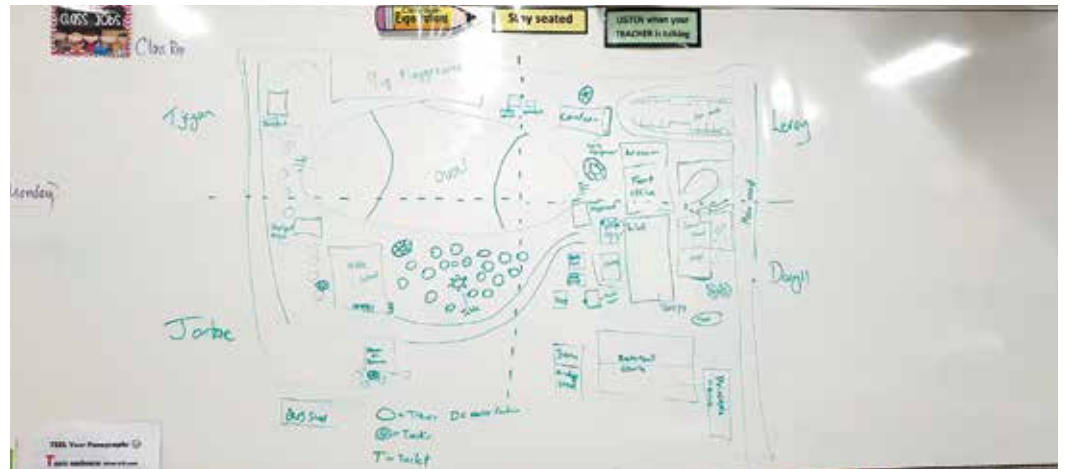

Technology has definitely become an essential part of our lives and our students have been focusing on both ICT and DT skills to ensure they are well prepared for our current and future needs.

In the Middle School, students have been obtaining a range of skills in Technology and are demonstrating more confidence in expressing themselves creatively.

In the Year 7/8 and 9/10 Classes, students have been focusing on various key areas in Digital Technology including Data and Information, Data Representations and Creating Digital Solutions. Students have spent a good amount of time developing skills in collecting data and in computational thinking as they incorporated their basic knowledge of coding into creating a range of digital solutions as well as completing different guided projects through various coding websites.

Various programmable kits such as the Sphero, Ozobot, Makey Makey and Beebot have been available for students to explore in their Technology lessons. In Term 3, Steve Grant from ACARA visited the Year 7/8 Class to model a lesson using the BBC: microbit. Students were excited to learn about the BBC: microbit and were amazed to learn that the tiny pocket-sized device can be programmed to be a digital watch, fitness tracker

or even be used to create fun games. With Steve's step by step instructions, the Year 7/8 students connected the BBC: microbit to their computers and started to add lines of code to use it as a compass and then created an interesting game.

Over the year, it was great to see our students grow more confident in developing their understanding and skills in Digital Technology.

Haesil Kim / Year 7-8 Home Group Teacher

Middle School **WOOD WORK**

One of the most amazing journeys that a child can experience is the path of learning. To learn new skills and be able to utilize that knowledge is a life time surviving trait that no one can master except your own.

Being part of the students enriching experiences in learning this academic year has been both humbling and rewarding.

Incorporating Woodwork in the first semester and Food Technology in the second semester as a life skill learning in their curriculum is the best experience that the students could ever encounter.

During the first two terms in Semester one, the Years 6-10 students were privileged to be doing projects at Woodwork. They made a chest box, photo frame and wooden cabinets which they completed and got to keep for themselves. It was fun and exciting to witness the creativity and skills they applied in getting their projects completed in time, which most of them eventually did.

Middle School **FOOD TECHNOLOGY**

An object of pleasure for some, an effective remedy for others, and an issue of simple survival for the least fortunate among us, foods are an inevitable accompaniment throughout our lives. What is even more, they, along with the air we breathe, come to form the chemical constituents of our bodies.

From building projects with woods to creating delicious meals from researched recipes, the Middle School students have been equally equipped to develop lifelong skills that will open windows of wider and broader benefits in their future endeavors. In addition to these beneficial skills they have come to gain the health knowledge and healing power in the food they cook and its essential nutritional values to the body. This academic year has been very productive when we get to experience tasting firsthand the delicious and profound dishes that the same year level students researched and modified to meet the theme of each week's choice. Each week there was a celebration of learning through creating dishes for fun kids, hospital menus, vegetarian dishes, acknowledgement of Australian farmers produce, overseas cuisines and others.

▲ Joshua with his Asian cuisine

▲ Year 6 & 7 girls with their Teachers favorite dish

▼ Wally & Mia with their dish

▲ Year 9 & 10 cooking a dish that acknowledges farmer's local produce in Ceduna

Towards the end of this year the final year students hosted a banquet on the theme of Christmas Party for their guests and staff members who were chosen specifically to judge and critic their 3 course meal which was part of their major Assessment. It was both rewarding and humbling to see their effortless work through the term come alive in the cuisine they prepared. I am very proud and blessed to have worked with these amazing gifted students.

No education can do as much for our development as the experience we gain from obtaining them through practical learning. By the same token, no learning is capable of completely compensating for the knowledge attained through recognition of prior informal setting education. Thank you Crossways School for the environment of learning that provides a platform for holistic development of the students through material studies.

Have a merry and blessed Christmas and a safe productive New Year Crossways Family.

SPORTS letter from Mr. Woodward

A very busy start to the year, especially Term 1 with our own Sports Day kicking off procedures for athletics in 2019. Beautiful weather and a strong student turnout provided many opportunities for students to showcase their unique skills and individual talents across track and field events. After a day-long tussle between House groups, it was eventually the blue team in 'Ospreys' who took out first prize finishing top of the table. Special thanks to all the parents, families and friends who attended to support our up and coming future athletic stars.

A few short weeks later and we were off to Ceduna Area School where Crossways hosted the 2019 WCIAC. As always, a number of schools travelled from far and wide to meet and battle it out for school pride. Again, fantastic weather provided the perfect backdrop for students to represent their school colours. Congratulations to Streaky Bay who took 1st prize narrowly defeating Ceduna Area School. Well done to Miltaburra who were awarded the Handicap Shield followed closely by Elliston and Crossways. Special mention to our own athletes Aiden O'Driscoll (R/UP Under 8 boys), Tizziana Peel (tied 1st place Under 11 girls) and Kevin Penny (R/UP Open boys). A massive thanks to Ceduna Area School for allowing Crossways to use their facilities to run the carnival.

The 2019 Western Areas Secondary School Athletics Carnival (WASSAC) team then travelled to Port Lincoln to represent the Far West where Crossways had 8 representatives in the team. These students travelled the day before and stayed together at Navigator College in preparation for the event. Once again, the formidable Far West team was ultimately too strong, winning with 426 points.

All in all, it was great to see The Crossways' students participating and representing at all levels and in all events in 2019. Thanks to all those people who helped Crossways in any way, shape or form.

Tcharkuldu Rock

Tcharkuldu Rock is a huge granite outcrop covered in boulders creating a spectacular setting for the event. Within the first kilometre, runners face a gruelling climb up the rock and then must face a precarious descent over uneven landscape before heading out along a bush track. It is a running course that demands stamina, speed and racing smarts. Crossways arrived just in time with a bus load of enthusiastic runners on a very cool Autumn morning. To their credit, all students ran their hearts out and all managed to finish the run which was an achievement in itself. After a hamburger and sausage sizzle we all piled back on the bus for a very tired and quiet trip home to Ceduna.

Mr. Carl Woodward
/ PE Coordinator

Camps and Excursions with Mrs Evans

Terena Evans

Marni Wungku Camp - Term 3

At the end of Term 3, a small group of students earned the right to attend the Marni Wungku camp in Adelaide. This camp is for Indigenous students from years 6 - 10, aimed at giving them an insight on what University life is like and allowing them to meet other Aboriginal students from around the country including South Australia and Northern Territory. Tjiimarni Sanderson Milera and Ainoa Cabada, who work for Uni SA, planned the entire trip from flights to bus transfers, accommodation and food for the 2-night stay. Cirena Coleman and I took seven students who proved they wanted to attend by ensuring they were at school daily, wearing their correct uniform and putting their best efforts in to their subjects.

Azarni Coleman, Montana Scott, Lakita Miller, Kyle Freeman, Darryll Coleman, Shontayah Mcllwraith, and Emilea Willis were selected to attend. We stayed at the West Beach Holiday Park and enjoyed using the facilities, beach walks and shopping trips while we were in Adelaide. Some of the activities the students participated in were a tour of the University and a couple of short workshops along with a tour of the Adelaide Oval.

We were very appreciative for the experience and the fully funded trip care of Adelaide University. The students really enjoyed their time and most have expectations of attending University after they finish high school.

We will apply to attend the camp again next year so if you are interested in checking out the University, make sure you are proving yourself throughout the year!!!

The Next Gen of Eyre conference for kids - Term 4

Andrew McIlwraith and I took a group of 15 students all the way to Kimba for a kid's conference. There were over 200 students from across the Eyre Peninsula who travelled to the conference aimed at getting students keen on being entrepreneurs and supporting the local businesses in the towns they live in. There were lots of great speakers and support workers who lead each group of students in activities and conversations. All of the Crossways students left the event feeling excited and passionate about what they had learnt. Congratulations to the below students for being selected to represent our school.

Year 3, Halle Miller, Amalie Champion & Joshua Coleman

Year 4, Charlie Steeles & Riley Shephard

Year 5, Aroha Paparaoa-Tiatao, Mia Roberts & Shia Champion

Year 6, Noah Champion, Raymond Coleman, Kiarah Morrision & Jesse Steeles

Year 7, Joshua Austin

Year 8, Mia Nicholls & Darryll Coleman

Swimming Lessons

Georgia Lambeff

This year we were fortunate enough to have swimming lessons in term 1 and term 4. It was great to see children grow in both their confidence and skills in and around water. Special thanks to Jak Fawcett for assisting with our swimming lessons.

Chaplain's Message

Tim Steeles

I had the absolute privilege of becoming the Chaplain at Crossways Lutheran School in term 2 this year. I have loved getting to know the entire Crossways family including staff, students, families and our wider community.

Throughout the year I have been focusing on building a sense of belonging and identity in students. When students know that they are loved, valued and created by God for a purpose they grow in confidence and self-worth.

A highlight of each week for me is our chapel service held each Friday morning. A huge part of our heart as a school is for students to be co-creators with the implementing and running of chapel. Each week different students and classes are given the opportunity to speak, sing, run the power point, play an instrument, read or lead prayer. It has been amazing to see the growth in confidence and willingness of students to be in front of an audience. I have also loved seeing so many members of our community coming and enjoying our time of worship each week.

Next year I look forward to new opportunities as I increase my chaplaincy time from 2 days to 3 days a week. This will enable me to spend more time individually with staff and students who need extra support as well as working with classes for devotions and team building skills.

Yours in Christ
Tim Steeles.

NAIDOC WEEK

A display of NAIDOC Week books and art supplies. Two books are visible: "MY PEOPLE" and "MY KIND". A palette of colorful watercolor paints and a small rock are also shown.

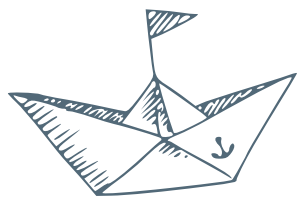

100 days of School

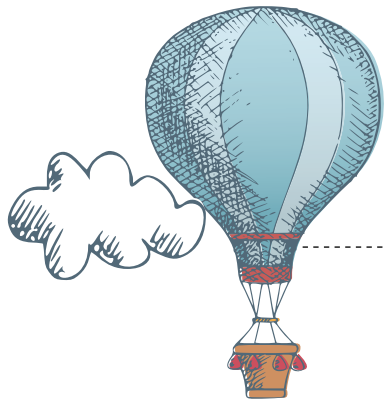

Georgia Lambeff

Our 100th day of school was celebrated in term 3 this year. There were numerous stations for students to visit and participate in, which revolved around 100; 100 drops of water, counting and threading 100 pieces of cereal, ping-pong challenge, a fitness station, construction in 100 seconds, and more.

It was a fantastic morning and the children should be very proud of themselves and how far they'd come in 100 days!

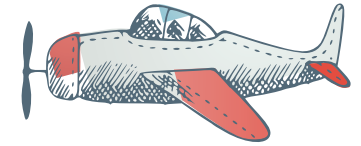

Special Friend's Day

Georgia Lambeff

Special Friend's Day was a huge success. It was great to see such a wonderful turn out from Grandparents and Special Friends. The afternoon began with some lovely food that had been made by the children. Guests were then invited to visit their child's classroom where they were shown some of their work, played games, were 'interviewed' and made some crafts together. These interactions are so important for our children as they are able to be proud of what they have achieved at school and families are able to get a glimpse of where their child spends most of their time. The afternoon concluded with a musical twist on the story 'Noah's Ark' which was produced by Sara Veerhuis.

Book Week

Amy Norsworthy

What a success Book Week 2019 was! We were able to celebrate literature and a love of reading each day in Week 5!

Each morning we started with a Book Week Quiz in Home Group. The quiz had questions about the shortlisted books, teacher profiles and guest readers. Well done to the Year 4/5 class who were the winning class for the week!

During lunchtimes, we were blessed with guest readers who came in to read us one of the shortlisted books. We had a great amount of students who chose to come along at lunchtimes to listen and then complete an activity.

Wednesday Dress-up Day was fantastic! It was great to see so many students come dressed as their favourite book character or a character with a secret power. The staff put in a great effort too with some very creative costumes! It was great to see all involved! That afternoon the chapel area was open to families and it was fabulous to see so many engage in the activities and reading together.

The week would not have been so successful without the time and effort of many people.

Thanks to Cirena, Kerry, Kirsty Lennell and Jak for their amazing work on the displays. The students absolutely loved it and it created such an amazing reading space for the week.

A big thank you to Claire Higgs, Sonya Coleman, Sheridyn Giles, Mr Kupke and Andrew Parkyn for giving up their time to come in and read to us.

Thanks to the Book Week Committee: Miss Bahr, Mr Munday, Miss Cannard, Kirsty L and any others that assisted us with the set-up, planning, supervision and running of the week!

**Book Week 2020 has
a lot to live up to!**

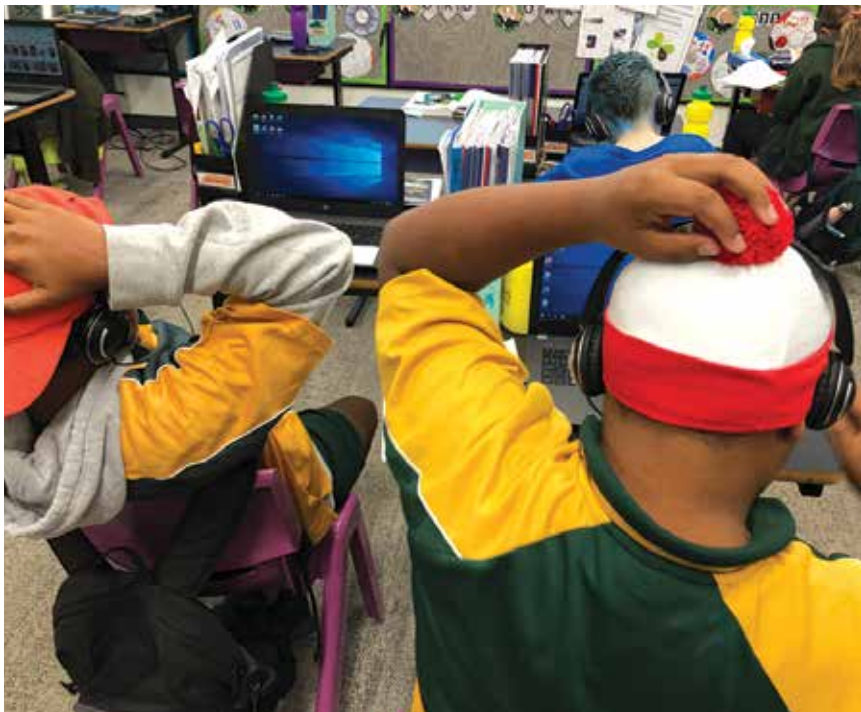

Colour Fun Run

Terena Evans

The idea came from Charlie Steeles late in 2018, thinking a colour fun run would be a fun and exciting way to raise money. Nykita Miller continued this notion and passionately ran with the idea, getting it under way in term 3. Well done to Nykita and her team, Joshua Austin and Raymond Coleman who helped plan and manage the day, which was a huge success. Congratulations to Azarni Coleman and the year 9/10 class who organised stalls to contribute to the funds raised which will be gifted to the ALWS charity, (Australian Lutheran World Service) which will help children overseas get an education.

Breakfast Club

Andrew McIlwraith

Well another year is over and we can all have a sleep in!

Breakfast Club staff begin the day at 7.30am to ensure everything is ready to go for the first students that arrive at around 7.40am.

Students arrive early for different reasons, i.e. parents start work early or students just want to be at school to socialize with their peers early before their first lesson.

Having a Breakfast Club is so beneficial for the school. Teachers comment on how student's engage and learn more on a full stomach. Breakfast Club also promotes and develops social skills amongst the students.

We have a wide menu to choose from at the Breakfast Club including cereal, toast, fruit, spaghetti, baked beans, juice and warm milo.

Breakfast Club is sponsored by Foodbank SA and Crossways Lutheran School.

In 2019 the Breakfast Club served 8,300 students.
