2021 TERM DATES

TERM 3	19th July - 23rd September
TERM 4	11th October - 8th December

Principal's Word - Tony Peters

Farmers are a unique lot. They are very special individuals who possess a lot of character and they are the people who provide a lot of the food we eat. Once upon a time, my son Kurt would go into involuntary spasms if he couldn't have his fix of Weetbix and a spoon of honey at least twice a day. We are truly blessed that

Australia is a place where a variety of crops can be grown and a variety of

stock can be bred- the diversity of it all is truly amazing. In some parts of Central Queensland, the soil is so rich that in a good year, 3 crops can be sown and harvested.

Having said this, nothing grows well without light and water. Some parts of Australia there is too much water for crops and in other parts, there is not enough. How often does it happen when it promises to be good season then it quickly turns into a disaster for many of our farmers right across the country. For many of them it could be another year where little or no profits are made and in some cases the losses increase. Sadly for some, it will mean walking off the land and contemplating something else.

Through these challenging and often stressful trying times, I am amazed at the responses I get from farmers. They are generally positive and have a lot of hope. Because of their attitude, I thoroughly enjoy associating with them.

YOU ARE INVITED!

Church @ School
Sunday School & Morning Tea
Sunday 29th August
ALL WELCOME

I could be having a lousy day and I come across a farmer who depends so much on the weather that is so unpredictable and I'm reminded to be thankful for what I have. I think, who is the struggler here? I thank God for our farmers.

The farmer's hope reminds me of the Christian hope- it keeps us going. The COVID pandemic has affected everyone's lives in one way or another and it's something which isn't going away in a hurry! Our hope in Jesus and what he has done is what we need to cling on to during these times. It's the hope that God provides through the death and resurrection of His son Jesus Christ and the hope of eternal life. It's the hope we should hold on to every day of our life and the sharing of this with others while we walk on this earth.

I encourage you to read God's word from 1 Peter 1:3-9.

God's blessings!

Year 2 Visual Arts - 'Thukeri'

"Thukeri" is a Dreaming story from the Ngarrindjeri of the Lower River Murray and Coorong. It tell how two greedy fishermen caught bream called thukeri, and suffered the consequences of not sharing them with a stranger.

Chaplain News

Well we're half way through the term already (only 5 weeks to go) and it has been a very busy and fast first half of the term.

I want to take a minute to thank all the staff here at Crossways Lutheran School for your hard work and dedication to your jobs, also to you as parents and caregivers for the hard effort you put in to raising your children even though, at times, there are struggles. There isn't an instruction manual on how to raise a child because every child is different, but we can use the best guide book (the Bible) and follow the instructions of the best Father/parent in the world "Jesus"

Ephesians 6:4

Fathers, do not provoke your children to anger by the way you treat them. Rather, bring them up with the discipline and instruction that comes from the Lord.

I encourage you today, if you are having trouble with your child, and not sure what to do or where to go (if you're not, you probably will in the future). Start looking at the Bible for answers and what it has to say about raising children. Trust me it's spot on and works.

I've had my fair share of issues with my 6 children but I always come back to the Bible and lean on the promises that God has for me and my children, and He always comes through. He is my guide and councillor.

If you just need someone to talk to please don't hesitate to call me on 0428017514 or join one of the local churches with your family and strengthen your family together.

We're in this together and have the best children on the Far West Coast.

God Bless, **Andrew McIlwraith** - School Chaplain

Year 2

In the lead up to Book Week in Week Six, we thought we would do some book reviews on some of our favourite books.

My favourite books are 'Macca the Alpaca' and 'Dharma the Llama' by Matt Cosgrove. I like them because my Mum likes them too! The characters are cute. **Milana**

The 'Dog Man' series by Dav Pilkey is very fun to read! I like the illustrations. **Savannah**

I love the books Mrs Haynes made because they are cute and Mr Caretti is in them! **Indi**

Our favourite book is 'Emperor's New Clothes' by Mike Gordan because he doesn't realise he's naked but he is! **Harlan** and **Harvey**

I like the book 'Wishmoley and the little piece of sky' by Julia Hubery and Mary McQuillan because of the cute pictures. **Taliquah**

Working Together Towards a Brighter Future 

Terena Evans—Deputy Principal

Middle School Art

This term one of the topics we are looking at is 'Up-cycling'. It has been great to see some of the students enthusiasm and excitement to re-create or improve something old.

The Year 5 class will be trying to make more play areas for the junior primary playground area and the 6/7 class a new space to be used during breaks. Both classes had the opportunity to go to the

recycling centre and have a look at what is available to up-cycle. The 8/9/10 class are planning towards turning a shipping container into a senior space and enjoyed visiting Ceduna Furniture and looking at some of Shondelle's up-cycled projects.

I really looking forward to seeing which students are able to keep the momentum going and see their project through.

National Tree planting day

Thanks to Ceduna Machinery for sponsoring trees and tree guards for our school. Last week I worked with small groups of students to get the trees and shrubs planted around our school. It is fantastic to see our young students keen to take care of their trees and become responsible for watering them weekly.

Reward Time

We were finally able to commit to our first 'reward time' session at the Ceduna playground for the Junior school students last Friday and we couldn't have asked for better weather.

This week students will be heading out a little further and visit Denial Bay Playground for their reward time to mix it up a bit.

Middle School electives:

It is fantastic to see the middle school students enjoying their Friday electives. Students are learning a range of new skills including: Tie-Dye, silk painting, macramé wall hangings and key rings, bean bags, scrunchies and face masks, wooden fish hooks, painted picnic tables and the list goes on. Students are expanding their band skills and baking skills and we also have a group of keen athletes who did a beach walk at Shelley's beach. A huge thank you to all the staff and volunteers who have put in time to plan and ensure there is a range of activities to suit our students.
