## 2022 TERM DATES

TERM 4	17 October 2022 - 15 December 2022
--------	------------------------------------

## Tony Peters - Principal

### Contentment

*Yet true godliness with contentment is itself great wealth. After all, we brought nothing with us when we came into the world, and we can't take anything with us when we leave it. So if we have enough food and clothing, let us be content. (1 Timothy 6: 6-8)*

How content are you with what you have in terms of possessions? Do you find yourself wanting that little bit more? Do you find yourself wanting the car that your neighbour or friend has just bought? We are bombarded with images and advertising which tells us that if we haven't got something then we are missing out big time. Worse still, if we don't buy something then we are told we are missing out on being like the next person!

When staff looked at this theme, we heard someone speak about learning to be satisfied; learning to be content; to have a thankful heart. We need to soak up every moment of today because we'll never experience today again.

The truth of the matter is God provides for our needs each day and Jesus is the only one who can fulfil our needs and wants through what he did for us on the cross.

### GGSA Maths Information Session

I strongly urge you to make yourself available for an information session about the School's new Maths Program – Good to Great Schools Australia. By coming to this session you will be able to find out why we have chosen this program for

Crossways; how it is implemented across the School and specifically how children learn are learning to connect maths concepts. You will have the opportunity to hear from Crossways' staff as well as GGSA staff.

To make the session more manageable for families, there will be a crèche for your children.

Please contact the School Office Staff by Monday 26 September to book a spot for the session-

**WHEN:** Wednesday 28 September 5.45 – 6.45pm

**WHERE:** School Library

REFRESHMENTS & CRECHE AVAILABLE

### Student-Led Conferences

This is a very important way which you can connect with your child's learning. During the conference your child will speak about how they are learning at School. They will lead you through specific tasks, giving you insights on the what and how of learning. The conference is also an opportunity for you as parents/carers to be a part of your child's learning by listening, discussing and enquiring.

Student-Led Conferences will take place on Thursday 29 September and please note for this purpose the day will be a student-free day. Your child will only be required to attend School during their conference time and are asked to wear their school uniform.

If you haven't done so already, please call the Front Office Staff to book a time to participate at your child's conference.

*Blessings,  
Tony Peters*

## Year 5 News

Firstly, I would like to congratulate the year 5 students for winning the STEM competition during Science week last week! They worked as a group to develop ideas, design and create a 'Toothbrush Cleaner'. We were fortunate enough to win a 3D Printer, which was donated by Michelle from ADAC. I believe the class will share their prize with the rest of the school, but we can't wait to check it out and start printing! Thanks so much to Michelle for organizing and running the competition, as well as coming in on Friday to present .

Also in the year 5 class, we have been working on our research and analyzing skills in HASS. Students have worked hard to finish their assignments on migration to Australia. Well-done.

One last thing, in English (writing), students have been focusing on Persuasive writing, and have used different techniques in their Big Writes to persuade the reader. Great work, year 5s!

Above : The beautiful 'Rainbow Fish' the ELC children have had the pleasure of making this term.

They have enjoyed painting the scales, helping to create the body and bringing all the pieces together with adult support.

We would like to send a heartfelt thank you to the year 6 & 7 art students. During the term they have also been busy working on creating an underwater scene to compliment the float.

## Terena Evans - Deputy Principal

This week the Year 6/7 class went on a photography excursion around our local area. They used iPad's to take a variety of shots. Students were instructed to take images of different colours in the landscapes which they will use, next week, in their Art lesson to create a collage style artwork.

## Middle School Art

The Big Oyster refresh!

Over the past 2 terms we have been trying really hard to get the 'Big Oyster' freshened up ready for this years Oysterfest! We came across a few hurdles along the way including relocating it to the back of our school, having the freshly painted paint peel off due to not enough prep work and dealing with the weather!

Luckily we are close to completing this massive project- thanks to Leon Veerhuis and his helpers for transporting the oyster to our school. Kerry Taylor has taken the lead in designing artworks and managing the painting and we selected some of our skilled artists from the senior class to help get the paint job completed along with Eleanor Coleman who supported us yesterday. A big shout out to Lekiesha, Kaliah, Charlotte and Lahlah for their help thus far.

## Science Fair at Crossways

Last Thursday 19 September, the Science Collective hosted a day of Science at Crossways Lutheran School. We invited Penong, Koonibba and Streaky Bay Schools to join us for this very exciting day.
