Principal's Word - Greg Miller

Investing in Your Future

Jerimiah 29:11

"For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future".

It is comforting to know that God has plans for everyone's future, plans that are good and to give us a hope and future.

The value of a good education in preparing our young people for a successful future has been recognised for a long time.

Martin Luther wrote in letter dated in 1524 that, "By helping the youth we shall be helping ourselves and all men." In other words, a well-ordered and stable society must have men and women who are professionally trained in their particular fields.

A couple of hundred years later Benjamin Franklin stated "An investment in education gives the best returns"

Benjamin Franklin (1706 – 1790) was one of the leading figures in early American history, he worked on the "Declaration of Independence", the "United States of America Constitution", was an inventor and is featured on the American \$100 bill.

In today's society the value of a good education is generally recognised and at Crossways Lutheran School our purpose is to "Guide and empower our learning community towards excellence".

Excellence can be shown in varying ways and can look different for each of our students. During the school holidays I had the pleasure of witnessing "excellence in service" by two of our students. I joined with Riley Shepherd and Mia Roberts at the Anzac Day dawn service, where on behalf of our school they laid a wreath on the memorial at Cenotaph RSL Park. One of our school values is "Service", and these two students certainly showed this – well done!

Terena Evans Deputy Principal

A warm welcome back for the start of Term 2.

As we start a new term, I'd like to highlight a couple areas and ask for your support with them.

The first area is punctuality. School starts at 8:50am and it is expected that students arrive on-time for their home group session. This term we have changed the

timetable around a bit to allow for longer pastoral care sessions during morning home group from 8:50 – 9:20. Students can expect daily circles following the Berri Street Model process. This allows students to follow a set structure with their home group teacher, daily, setting routines and expectations for the day. Devotions, roll call and school values are also a core part of the morning circle.

The second area is **attendance**. Attendance is an important contributor to students' academic achievement – all school days matter. Research shows a strong correlation between attendance and achievement. The impact of absence increases with the number of absences (Hancock et al., 2013).

If your child needs to take leave from the school day please let the office know rather than communicate with your child on their own device. We have found, at times, students are calling home to get collected by a parent and the teachers are unaware of why they have left. It is important that we are aware of any issues that arise so we can deal with them at school first.

I would also like to take this opportunity to remind all that students are not permitted phones at school. If they need to bring them they are expected to be turned off and either given to their teacher or put away in their bag or locker. Phones are the responsibility of the individual if on school grounds and the school has no liability to a damaged or lost/stolen phone.

We look forward to another action packed Term, with a range of camps coming up including sports and music. More information will be out soon from the relevant staff.
