Principal's Word - Greg Miller

Matthew 11: 28-29

Life is busy and it is all too easy to take on too much and at times we can suffer from burnout. Burnout can be caused by too much stress over a long period of time and signs of burnout may include:

- feeling exhausted and unable to perform basic tasks
- losing motivation in many aspects of

- your life, including your work and friendships
- feeling unable to focus or concentrate on tasks
- feeling empty or lacking in emotion
- losing your passion and drive
- experiencing conflict in your relationships with co-workers, friends and family
- withdrawing emotionally from friends and family.

John Wesley was a respected Christian leader who helped start the Methodist Church spoke about the "business" of his life. *"Though I am always in haste, I am never in a hurry, because I never undertake more work than I can go through with a calmness of spirit".*

Why do we rush through life thinking everything depends on us? Do we take on more responsibilities than we should? A word which is not common anymore is "yoke". A yoke is a wooden beam that is fastened over the necks of two animals and attached to the plough or cart that they are pulling and shares the load between the two.

This week in our devotion we have been focusing on what Jesus said in Matthew 11: 28-29, *"Come to me, all you who are weary and burdened, and I will give you rest. Take my yoke upon you and learn from me, for I am gentle and humble in heart, and you will find rest for your souls"*. It is comforting to know that we have a God who cares for us and promises to be with us in all that we go through.

Have a blessed and restful weekend.

Cubby House Building

The Year 1 class are in need of cubby making materials. If any parents at home have old sheets, towels, rugs etc that are unwanted, it would be fantastic for them to be donated to the school.

Thankyou

Term 3 Rainbow Warriors

What an amazing start the term with so many helpers doing their best to keep our school spaces clean and tidy. How great would it be if we didn't need all the amazing students and everyone put their own rubbish in the bin! However that is not the case at present so we are forever grateful that some of our primary students care about their school and town. This Wednesday we will be heading out again to clean up Ceduna's beaches J

9/10 News

Last week some staff and senior students participated in a short training course on Youth Mental Health First Aid at the Ceduna Area School. Funding was provided by 'My Town' to allow a social worker to visit with us and talk us through some quite confronting areas of adolescent health and well-being. We all know that adolescence can be a challenging time and that Covid-19 had brought some of

these issues to the fore, especially in educational settings. This training will assist our staff to implement best-practice and also support and encourage our friends in times of crisis and also to help prevent crises from occurring. Thanks and Praise

1st Aid Mental Health Training

On Monday the 14th of August, Mark Pierson, Jodi Johnson and myself participated in a 1 day training to support the 4 hours on-line course we completed prior around Youth mental health first aid. We were invited to the Ceduna Area school where other staff CAS members also complete the training, I found the content so relatable and beneficially in my role. The 9/10 class also attendee the Areas school for 3 one hour session over the week to also learn about Youth mental health first aid. Sandy Taylor from Our Town initiated the program being rolled out in Ceduna and paid for all the costs related to the training.

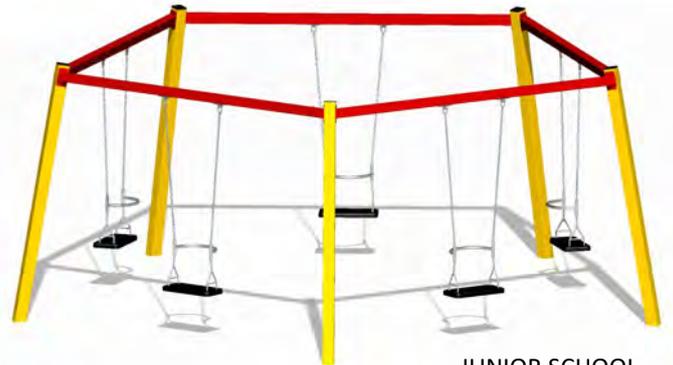

New Junior School Play Equipment

We are well on the way to adding more playgrounds to our school including swings and a climbing structure in the junior school. The fences have been moved back to create enough space to put in the new equipment and we will also be adding another swing set the oval area. We aim to have this project completed by the end of September so Term 4 will be exciting for the students when they return.

Junior School Electives

Junior School Electives continued this term. Electives involves the Year 2 and both 3/4 classes. The students got to choose and participate in some fun and engaging electives, learning a hands-on skill that they can apply outside of school. This term the re-introduction of Swimming occurred with the new Float Ceduna swim school offering us the lessons. Other electives for the term were, Macrame, Jewellery Making, Music, Cooking and the new Chess Club. The students continue to really enjoy and have a blast in our Junior School Electives, they look forward to it each week. I continue to be impressed with the behaviour during these lessons, well done everyone involved. I would like to also thank all the staff that help run and organise an elective, I really appreciate all the efforts you put into this program to make it a success.
